

# fashiontv MARQUEE

Over the history of the Christmas Polo the fashiontv Marquee has always been the place to be seen. Superb furnishings are supplied throughout the themed marquee and are complimented by a premium selection of beverages and chef prepared canapés which are served right throughout the day. The team from fashiontv will once again be filming within the marquee so you can be assured that the highlights of the day won't just be restricted to the Polo field! The fashiontv Marquee sold out in 2010 so make sure you don't miss out this year.
